CIRCULAR No. 3.

FINANCIAL COMMISSIONERS' OFFICE.

Dated Lahore, the 31st March 1896.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS
IN THE PUNJAB.

Use of postage stamps and franking of covers, by Managers of Courts of Wards.

* Financial Commissioner's No. 731, dated 14th December 1895, and enclosures.
Punjab Government No. 441, dated 27th February 1896.

COPY of the correspondence marginally* noted, relating to the use of service postage stamps by Managers of Courts of Wards and the franking of covers by them "On Her Majesty's Service" is forwarded for information and guidance.

By order &c.,

HARI KISHEN KAUL,

Junior Secretary to the Financial Commissioners, Punjab.

(Translated.)

No. 731, dated Lahore, 14th December 1895.

From—Pandit HARI KISHAN KAUL, Junior Secretary to the Financial Commissioners, Punjab,

To—The Offg. Revenue Secretary to Government, Punjab.

IN reply to your endorsement No. 1158, dated the 17th June last, asking for a report on the question whether the Managers of Courts of Wards are supplied with service stamps, and whether they are permitted to frank covers "On Her Majesty's Service," I am directed to submit the replies noted in the margin* of the officers consulted on the subject, and to observe as follows.

C. L. TUPPER, Esquire, C. S.
* 1. Commissioner Jullundur's No. 2062, dated 29th July 1895.
2. Ditto Peshâwar's No. 247, dated 30th July 1895.
3. Ditto Derajât's No. 250, dated 31st July 1895.
4. Ditto Lahore's No. 564, dated 8th August 1895, and enclosures.
5. Ditto Delhi's No. 314, dated 9th August 1895.
6. Ditto Râwalpindi's No. 3295, dated 15th November 1895.

2. It will be seen that the Commissioner, Jullundur, reports that Ferozepore is the only district of his Division in which the Managers of Wards' Estates are allowed to use service labels. (Enclosure I.) From Commissioner Peshâwar's letter it appears that the Managers of Courts of Wards in the Hazâra District are not supplied with service stamps, that in Kohât there were no estates under management at the time, and that in the Peshâwar District the Managers of the estates being Tahsîldârs or Nâib Tahsîldârs, service stamps are used for correspondence carried on by them in connection with the estates. (Enclosure II.) The estates in the Peshâwar and Hazâra Districts are small, and so are under the direct management of the Tahsîldârs. The Commissioner, therefore, thinks the practice mentioned by the Deputy Commissioner, Peshâwar, also exists in Hazâra, but that in case there is a separate non-official guardian of a minor's person, he sends his letters under ordinary (not service) postage stamps. Commissioner Derajât's letter shows that the Managers of Courts of Wards in his Division do not use service stamps and are not allowed to frank them "On Her Majesty's Service." (Enclosure III.) The Commissioner of Lahore reports that in Jhang, Lahore, Amritsar and Gurdâspur Managers of Wards' Estates are not supplied with service stamps, but in the districts of Montgomery and Mooltan they are supplied with such stamps and are allowed to frank covers "On Her Majesty's Service." (Enclosure IV.) But the Deputy Commissioners of these districts have not been able to quote any authority for the practice. The Commissioner of Delhi also answers the question in the negative in respect of all the districts of his Division. (Enclosure V.) In the Râwalpindi Division, Managers of Courts of Wards do not get service labels anywhere except in the Râwalpindi District. (Enclosure VI.) But the authority quoted by the Deputy Commissioner seems to be inapplicable to non-official Managers, and the Commissioner considers the practice as unauthorized.

3. I am to to say that the Financial Commissioner understands the inquiry of the Postmaster-General to relate to cases in which a separate Manager, who may or may not be an official, is appointed to the charge of an estate or estates under the Court of Wards in accordance with Rule 16 or Rule 30 of the Rules at pages 677-79 of Revenue Circulars, Volume II. Mr. Tupper does not understand him to refer to cases in which estates under the Court of Wards are managed by officials, such as Tahsîldârs or Nâib Tahsîldârs, as a part of their ordinary duties. In these cases he thinks the correspondence connected with the estates should be franked and carried on Her Majesty's Service. The rules, which have the force of law, appear to the Financial Commissioner to be a sufficient authority for this practice, because a rate is charged to reimburse the Government for contingent expenditure amongst other things, and it is clear from the express language of Rule 31, as it now stands, and of Rule 23, as it stood before it was amended in 1893, that contingent expenditure in this case was meant to include postage.

In the cases to which Mr. Tupper understands the Postmaster-General to refer he sees no objection to refusing service stamps, and the privilege of franking to separate Managers. If the separate Manager is unsalaried, he is in the position of a private person discharging certain duties for family reasons. If he is salaried, the rate may be discontinued or reduced under Rule 30 to allow for the expense of management. If, however, any separate Manager likes to save postage by handing in his reports to the local Tahsíldár, the Financial Commissioner would raise no objection and would allow Tahsíldárs to forward these reports, like any other official papers, under franked covers. To compel the Tahsíldár to affix non-service labels and charge the cost of them to the estates would give more trouble than the gain would be worth; and a rule to this effect would probably be more honoured in the breach than in the observance.

No. $\frac{2062—U.}{II—20}$, dated 29th July 1895.

From—Lieutenant-Colonel C. F. MASSY, Commissioner and Superintendent, Jullundur Division,

To—The Junior Secretary to the Financial Commissioner, Punjab.

In reply to your circular letter No. 3634 of 28th ultimo, I beg to report that in none of the districts of this Division are Service Labels used by the Managers of Wards' Estates with the exception of Ferozepore. Mr. Francis is not able to state how or when the practice originally arose.

No. 247, dated Abbottabad, 30th July 1895.

From—F. D. CUNNINGHAM, Esquire, Commissioner and Superintendent, Pesháwar Division,

To—The Junior Secretary to the Financial Commissioner, Punjab.

IN reply to your No. 3634 of 28th June, I have the honor to inform you that the Deputy Commissioner, Hazára, reports that Managers of Courts of Wards have never been supplied with service stamps, and have not franked letters. The Deputy Commissioner, Kohát, replies that there are no estates under the Court in his district. The Deputy Commissioner, Pesháwar, reports that correspondence connected with three estates under official management has up to the present been conducted under service stamps.

2. I am inclined to think the same is true for Hazára. The estates in Pesháwar are small; in Hazára they are still smaller, the largest left under the Court of Wards has an income of only a few hundred rupees per annum. In all these estates the real supervision rests with the Tahsíldár and Naib Tahsíldár, while the lands are leased out to contractors.

It seems to me that there is no object forbidding the Tahsíldár to correspond "On Her Majesty's Service under service stamps with the Deputy Commissioners on matters connected with the estate.

When there is a separate unofficial guardian of the minor's person, he sends his letters under private no service stamps in the usual way.

No. 250, dated 31st July 1895.

From—R. I. BRUCE, Esquire, C.I.E., Commissioner and Superintendent, Deraját Division,

To—The Junior Secretary to the Financial Commissioner, Punjab.

IN reply to the enquiry made in your memo. No. 3634, dated 28th June 1895, as to whether the Managers of estates under the jurisdiction of the Court of Wards are supplied with service stamps and are allowed to frank covers "On Her Majesty's Service," I have the honor to report the practice existing in this Division.

Bannu.—There are no Court of Wards in this district.

Dera Ismail Kh an.—There are no regular Managers of estates under the jurisdiction of Court of Wards.

Dera Ghâzi Khan.—The Manager of the Court of Wards is not allowed to frank covers containing papers relating to the Court of Wards. The charge for stamps is deducted from the 5 per cent. income recovered from the estates in accordance with clause 4 of Financial Commissioners's Circular No. 57.

Muzaffargarh.—The Manager of the Court of Wards sends his reports through the Tahsíldár of Alipur, therefore he is not supplied with any service stamps.

No. 564, dated 8th August 1895.

From—J. R. MACONACHIE, Esquire, Commissioner and Superintendent, Lahore Division,

To—The Junior Secretary to the Financial Commissioner, Punjab.

WITH reference to your memo. No. 3634 of the 28th June last, I have the honor to say that the Deputy Commissioners of (1) Jhang, (2) Lahore, (3) Amritsar, and (4) Gurdáspur, report that the Managers of the estates under the jurisdiction of the Court of Wards in their districts are not supplied with service stamps and are not allowed to frank covers "On Her Majesty's Service."

2. As regards Mooltan and Montgomery, it will be seen from the accompanying copies of the replies received that service stamps are used by the Managers in these districts although the Deputy Commissioners concerned have not been able to quote any Government order authorizing the practice.

No. 207, dated 11th July 1895.

From—The Deputy Commissioner, Montgomery,

To—The Commissioner and Superintendent, Lahore Division.

IN reply to memo. No. 3634 of the 28th ultimo from the Junior Secretary to the Financial Commissioner of the Punjab, copy received in this office with your circular No. 96 of the 2nd July 1895, I have the honor to report that in this district the Manager of the Wards' Estate is supplied with service stamps and is permitted to frank covers "On Her Majesty's Service." There appears to be no authority of Government allowing the Manager to use the service stamps or frank his covers; but his action seems to be supported by Mr. Kennedy's letter No. 78, dated 17th February 1888, to your address, in which Mr. Kennedy has mentioned that a trifling expense of postage and stationery is entailed on Government.

No. 237, dated July 1895.

From—The Deputy Commissioner, Mooltan,

To—The Commissioner and Superintendent, Lahore Division.

IN reply to his circular letter No. 96, dated 2nd instant, has the honor to report that the Managers of Courts of Wards are supplied with service labels. They frank covers on Her Majesty's Service.

This office is unable to quote any authority on the subject.

No. 314, dated 9th August 1895.

From—R. CLARKE, Esquire. C. S., Commissioner and Superintendent, Delhi Division,

To—The Junior Secretary to the Financial Commissioner, Punjab.

IN reply to your memo. No. 3634, dated 28th June 1895, I have the honor to report that the Managers of the estates under the jurisdiction of the Court of Wards are not supplied with service stamps, nor are they allowed to frank covers on Her Majesty's Service.

No. $\frac{3295}{\text{U.—II—65}}$, dated 15th November 1895.

From—S. S. THORBURN, Esquire, Commissioner and Superintendent, Ráwalpindi Division,

To—The Junior Secretary to the Financial Commissioner, Punjab.

IN reply to your memo. No. 3634 of the 28th June last, I have the honor to state that the Managers of Wards' Estates do not use service labels nor frank covers in any of the four districts of this Division in which the Court of Wards exercises its jurisdiction, excepting Ráwalpindi. Mr. Beckett reports that the Manager of the Makhad Estate "is supplied with service stamps and is allowed to frank covers in accordance with paragraphs 28 and 31 of Revenue Circular No. 57, and paragraph 336 of the Postal Guide." Rule 28 of Appendix B to Revenue Circular No. 57 merely authorizes Government to levy a Ward's rate to cover expenditure incurred by Government in connection with establishment and contingencies, and Rule 31 is a mere audit rule requiring that expenditure from the Ward's rate shall be drawn on formal bills countersigned by the Commissioner. The reference to "postage" therein is merely illustrative. Paragraph 336 of the Postal Guide simply defines the procedure to be observed when ordinary stamps are used instead of service stamps and is wholly irrelevant, as the Manager at Makhad is said to be "supplied with service stamps." The Deputy Commissioner's practice is therefore unauthoized, and he will be directed to discontinue it. The Manager of the Makhad Wards Estate can (and should I think) conduct his correspondence with the Sadr through the Tahsíldár of the Tahsíl as the General Manager of the Court of Wards in the Pind Dádan Khan Tahsíl is reported by the Deputy Commissioner, Jhelum, to do.

No. 441, dated Lahore, 27th February 1896.

From—R. G. THOMSON, Esquire, Revenue Secretary to Government, Punjab,

To—The Junior Secretary to the Financial Commissioner, Punjab.

I AM directed to acknowledge the receipt of your letter No 731, dated 11th December 1895, submitting a report on an enquiry made by the Postmaster-General as to whether Managers of Courts of Wards are supplied with service postage stamps and are permitted to frank covers "On Her Majesty's Service."

2. In reply, I am to state that the Lieutenant-Governor agrees with the Financial Commissioner that inasmuch as the rate levied on the income of Wards' estates under the authority of the Notification of the Punjab Government No. 56, dated 17th January 1893, to cover the cost of supervision by Government establishments, other than establishments specially entertained and paid from the revenues of the estates, has been declared to cover the cost of postage, the correspondence of such Government officials, e g., Tahsíldárs, Naib Tahsíldárs, &c., which relates to the affairs of Courts of Ward, may be posted with service stamps and superscribed "On Her Majesty's Service." But the correspondence of a Government official whose services have been lent to a Ward's estate (i. e., if the official is in foreign service) must be posted at the expense of the estate with ordinary postage stamps and treated as private correspondence, as should also the correspondence of non-official Managers and other employes of Wards' estates.

3. I am to request that under the orders of the Financial Commissioner, Commissioners and Deputy Commissioners may be instructed accordingly. A copy of the correspondence will be sent to the Postmaster-General.

The 6th April 1896.

Proxy papers.

1. A statement of the proxy papers received was laid on the table.

Arts and Oriental Faculty Examiners; Postponement of Arts Examinations, 1896.

2. As several of the Fellows interested in the question of establishing Law Classes at Delhi, the consideration of which was the first item on the list of Agenda, had not yet arrived when the Meeting was opened, the Vice-Chancellor proposed that the second recommendation of the Syndicate—

"*That the nomination of certain Examiners for the Arts and Oriental Faculty Examinations, as proposed in paragraphs 4 and 7 of the Syndicate Proceedings, dated 28th January 1896, be approved,*"—

be first taken into consideration.

In connection with this proposal the Vice-Chancellor communicated to the Meeting a telegram from the Hon'ble Chancellor expressing the hope that the refusal of the Syndicate to postpone the Arts Examinations of the year for the 'Id festival would be reconsidered, as the case was different from that of the Ramzán (for which a similar postponement had been refused in 1895), inasmuch the Ramzám lasts for one month, whereas in the case of the 'Id only two days' postponement was desired in the interests of the Muhammadan Students.

The Vice-Chancellor accordingly proposed as an amendment to add to the recommendation of the Syndicate the following :—

"and that the date of the commencement of the Arts Examinations of 1896 be postponed to Wednesday, the 18th March 1896."

This amendment having been seconded by Mr. P. C. Chatterjee was adopted unanimously, whereupon Khán Bahádur Barkat Ali Khán expressed the thanks of the Muhammadan Fellows for the consideration accorded to their community.

The Registrar having called the attention of the Meeting to the considerable increase in the number of candidates for the Entrance Examination, and having stated that it had also become necessary to appoint an Examiner for setting papers in Greek for that Examination, Dr. Ewing proposed the following amendment :—

"and that the names of the following gentlemen be added to the list of Oral Examiners for the Entrance Examination as shown therein :—

ENTRANCE EXAMINATION.

Delhi	... English	... Revd. Kelley. Revd. Purton. Revd. Crudgington.
Ludhiána	... English	... Revd. Clark. Revd. Ewing.
Lahore	... English	... Revd. Griswold. Lála Lakshman Dás, M.A. Lála Munshi Lál, M.A. J. C. Chatterji, Esquire, B.A.
Amritsar	... Science	... Assistant Surgeon in charge of Civil Dispensary,

and that the Arts Faculty's proposal recommending the appointment of Mr. B. G. Ussher as Examiner in Greek for the Entrance Examination be approved."

This amendment having been seconded by Shaikh Nának Bakhsh was agreed to without discussion.

The recommendation of the Syndicate with the two amendments above mentioned was then put to the vote and accepted unanimously,—(*Vide* Appendix I).

Revd. Mr. Allnutt's application for leave to open Law Classes in Delhi.

3. The next proposal the Syndicate considered was that which was placed first on the list of Agenda and which read as follows :—

"*That the resolution of the Syndicate contained in paragraph 2 of their Proceedings, dated 17th December 1895, accepting the opinion of the Law Faculty on the question of establishing Law Classes at Delhi in connection with the St. Stephen's College, be approved—(See Law Faculty Proceedings, dated 19th November 1895, in Appendix and Syndicate Proceedings issued with notice),*"—(*Vide* Appendix II).

Mr. Allnutt opened the discussion by giving a full statement of the reasons which had induced him after much consideration to apply for permission to open Law Classes at Delhi, and which he had previously indicated in his letters, dated 8th October and 7th December 1895, as printed in the Proceedings quoted in the Syndicate's recommendation.

Mr. Allnutt pointed out that the application he had made had been supported by the people of Delhi at a public meeting held on the 6th February 1896. The memorial of this meeting had been forwarded to His Honor the Chancellor, and copies of it had also been sent to Fellows of the University. Mr. Allnutt thought that, apart from the interests of the students from Delhi and its neighbourhood, which make the opening of Law Classes in connection which the St. Stephen's College desirable, there was also the general principle of allowing perfect freedom of instruction outside the Institution directly maintained by the University, which deserved consideration. He acknowledged that such freedom could be allowed only under certain reservations, which were briefly,—(*a*) the maintenance of effective tuition in the classes outside the Law School ; (*b*) that the University should not be hampered by consequent financial difficulties in regard to the maintenance of its own Law School, which it was bound to keep up by the Statutes. Mr. Allnutt was of opinion that the arrangements he had indicated in his letters for the appointment of Lecturers for the Delhi Law Classes and the supervision of the latter were such as might satisfy the University as regards the first reservation. With reference to the second, he maintained that the withdrawal of about 25 students in the beginning who would eventually leave Lahore for Delhi could not seriously affect the large income which the University now draws from its own Law School. He believed that the results of Examinations would always afford the University a test as to whether the tuition of the Delhi Law Classes was kept up to the desired standard. He had himself been long opposed to the opening of such classes, as he believed that the dual system of studies (Arts and Law) to which it necessarily would lead was injurious to proper College Studies in the Arts Course, but he had been obliged to abandon this objection in view of the still more important interests affecting both the students of Delhi and his own College which suffer under the existing conditions.

He accordingly moved the following amendment :—

"That the proposal of Revd. S. S. Allnutt to open a Law Class at Delhi be approved and sanctioned by the Senate."

This was seconded by Mr. Madan Gopál.

At the request of the Vice-Chancellor Mr. Madan Gopál gave in the Vernacular a full account of Mr. Allnutt's arguments for the benefit of those Fellows who did not understand English. In the course of his speech he particularly referred to the great excess of income over expenditure in connection with the Law School which had been experienced during the last two years in consequence of the large increase in the number of students admitted to that Institution.

With reference to the statement made by the Law Faculty that there was not sufficient reason to apprehend serious injury to St. Stephen's College if the permission requested was refused, inasmuch as the majority of the students preferred the LL. B.

Course under the Special Rules for Graduates, and these rules practically precluded them from joining the Law School before taking their Degree, Mr. Madan Gopál stated that at present the number of students taking the Licentiate in Law Course was still considerably greater than that of the students reading for the LL. B. Degree. He finally appealed to the feelings of the Members present on behalf of the parents of Delhi Students who were obliged to submit to seeing their sons separated from their homes for a protracted period and exposed to the hardships of a residence in a far distant city.

Mr. Muhammad Shah Dín proceeded next to give a summary in the Vernacular of the views expressed by Mr. Allnutt as well as of the serious objections which had been brought against them from other quarters. He in particular questioned the possibility of providing sufficient salaries for efficient Teachers from the fees likely to be received in connection with the Delhi Classes. He called attention to the additional expenditure which the University will have to bear in connection with the Preliminary Law Examination, in case the preparation of candidates for that Examination will be carried on outside the Law School, when the employment of the Law Lecturer and his staff as Examiners would become impossible.

He also expressed his belief that a longer experience than that of the last two years would be required in order to make sure that the Law School of the University had become self-supporting; that the number of students reading in this Institution was subject to great fluctuations; and that in view of the recent withdrawal of the Government Grant for the Law School any change in the conditions under which the Law School was maintained at present required the most searching deliberation.

After Mr. Allnutt had explained the calculations upon which he thought it possible to provide the salaries of Lecturers of the proposed Law Classes, Dr. Ewing addressed the Senate briefly on behalf of the request preferred by Mr. Allnutt and the inhabitants of Delhi. Dr. Ewing believed that the financial position of the University was now such as to enable it to meet even the eventuality of a diminished income from the Law School without apprehension, and also referred to other Provinces in India, such as Bengal and N.-W. P., where Law Schools were maintained at different local centres.

Lála Ganga Rám expressed himself unable to comprehend clearly the reasons which had induced the Revd. Allnutt to abandon his objections to the dual course of studies, which had been found injurious to the interests of the Lahore Colleges and which the Reverend gentleman now desired to extend to his own College at Delhi.

Pandit Hari Kishan Kaul, who next addressed the Meeting, expressed himself thoroughly convinced by the arguments which the Law Faculty in the first instance had indicated against Mr. Allnutt's proposal. He laid particular stress on the difficulty which the University would experience in refusing subsequently the opening of Law Classes at other local centres where it would have no means of effectually supervising the character of legal tuition, and stated that it would become impossible in consequence to refuse the claims of Private Students to be admitted to the Law Examinations. The latter eventuality could be regarded only as a serious danger to the cause of the legal profession and to the higher interests of the community. He called attention to the fact that Mr. Allnutt's scheme did not provide for the instruction of Vernacular Law students who, if residents of Delhi, would still continue to suffer from the disadvantages which it was intended to remove, and which anyhow would continue to be felt by the vast majority of Panjab Law Students who were neither inhabitants of Lahore nor Delhi.

After M. Abdul Hakim had briefly stated his agreement with the preceding speaker, the Vice-Chancellor took occasion, before giving the word to Mr. Allnutt for a final statement, to explain his own objections to the scheme proposed. The Vice-Chancellor held that the principle of enforcing attendance at Law Lectures had not been controverted, and that accordingly it was of the utmost importance for the University to satisfy itself as to the qualifications of the Law Lecturers and the character of the instruction given by them. He thought that these qualifications could not be judged from the results of Examinations, but by the opportunities given to individual members of the Law Faculty for judging the legal knowledge and attainments of the Lecturers from their work in the superior courts of the Province. In his opinion the University's Law School would cease to be the Central Institution for which it was intended, if the general principle was once departed from. The opening of numerous schools in various parts of the Province would lead to a great increase in the number of Law Students, a result which would have to be regretted on general grounds. While no artificial means could be adopted for preventing the overcrowding of the legal profession, the existing rule

requiring a residence in Lahore in order to attend the Law Lectures, supplied some check, by practical restriction of the legal profession to those who were in a position to afford the necessary expense of a special education. Admitting, without any disparagement to the present staff, that the Law School was capable of improvement, the Vice-Chancellor was strongly of opinion that the best and only means of securing this improvement was to concentrate our efforts on our Central School at Lahore. By doing this we might hope in time to have a Law School worthy of the University; a result which would be impossible if legal education were to be left to a number of schools in various parts of the Province. The Vice-Chancellor, therefore, felt bound to inform the Senate that the proposal now brought before it in the form of Mr. Allnutt's amendment was one which he could not support in the interests of the University.

Mr. Allnutt in his final remarks took occasion to reply to the several objections which had been brought against his amendment. He noted in particular that the confirmation of the proposed Delhi Law Lecturer would rest with the Syndicate, that in his opinion the opening of Law Classes in other places need not necessarily lead to the admission of mere Private Students, and that at present it was not likely that any Arts College of the Province outside Lahore would be prepared to bear the expenses of opening its own Law Classes. Should the spread of education make this subsequently possible, he thought that the same principle of freedom of instruction should be applied as regards these Colleges.

The Vice-Chancellor then proceeded to put Mr. Allnutt's amendment to the vote after explaining that as this amendment had not been sent for circulation among Members of the Senate ten days before the date of meeting, as required by Rule 9 relating to "Motions and Amendments," no proxies could be counted in favour of it. On the votes of the Fellows present being taken **12** votes were recorded in favour of Mr. Allnutt's amendment and **21** votes against it.

In announcing this result to the Meeting, the Vice-Chancellor stated that in accordance with the provisions of above quoted rule, as authoritatively explained in the recorded Proceedings of the Senate, dated 11th January 1892, the 9 proxy votes given in favour of the Syndicate's original proposal would have to be counted also as given against the amendment which accordingly was negatived by a majority of 30 votes against 12.

On the Syndicate's proposal being put thereupon from the Chair, 29 votes (including 9 per proxy) were counted in favour of it and 21 votes (including 10 per proxy) against it. The Vice Chancellor accordingly declared the Syndicate's proposal as carried.

B. A. and Intermediate Philosophy and M. A. English Course, 1898.

4. The next proposal was—

"*That the recommendations of the Arts Faculty regarding the Courses of Reading in Philosophy for the Intermediate and B. A. Examinations and in English for the M. A. Examination,* 1898, *as contained in paragraphs* 3 *and* 4 *of their Proceedings, dated* 14*th January* 1896, *be sanctioned.*"

In connection with this proposal the Vice-Chancellor moved an amendment "that Ruskin's Lectures on Art be omitted from the list of text-books for the M. A Examination in English for 1898." This amendment was seconded by Mr. Shah Dín. After the Vice-Chancellor had stated the reasons for which he considered this book unsuited for insertion in a course of reading designed for Panjab Students, and Mr. Dallinger had stated the grounds on which the book had originally been suggested by him to the Arts Faculty, the amendment was put to the vote and passed by 10 votes against 7.

Mr. Allnutt next proposed the following amendment :—

"That the following books be retained from the 1897 Course in the M. A. English Course for 1898 :—

Prose.—1.	Milton	...	Prose Selections (Edited by Myers).
2.	Butler	...	Sermons on Human Nature.
3.	Myers	...	Life of Wordsworth.
4.	Skeats	...	Plutarch of Shakespeare.
5.	Ruskin	...	Eagle's Nest.
6.	Shaw	...	English Literature.
Poetry.—	Wordsworth	...	Prelude, III to VI.,

and that the following books proposed by the Syndicate be discarded :—

Bacon's Essays	...	Quite lately in the Course for two years.	
More's Utopia	...	do.	do.
Wordsworth's Prose Prefaces	...	do.	do.
Burke's French Revolution	...	do.	do.

Taine's History of English Literature, price Rs. 15, and unsuitable for Indian Students."

This was seconded by Dr. Orbison. After some discussion, in which Mr. Dallinger and other Fellows present took part, this amendment was put to the vote, 7 votes having been counted for and an equal number against the amendment. The Vice-Chancellor gave his casting vote against the amendment, which was accordingly declared as lost.

Mr. Allnutt thereupon submitted an amendment which was seconded by Dr. Orbison to the effect that Ruskin's "Lectures on Art" be replaced in the M. A. English Course by Emerson's "Representative Men." A majority of 9 against 7 votes having declared against his amendment, the Syndicate's original proposal, as modified by the Vice-Chancellor's amendment, was then put to the vote and carried,—(*Vide* Appendix III).

Courses of Reading in Oriental Languages, 1898.

5. The next proposal was—

"(a). *That the Courses of Reading in Oriental Languages for the several Examinations of the Oriental and Arts Faculties in* 1898, *as recommended by the Combined Meeting of the Oriental and Arts Faculties held on the 24th January* 1896, *be accepted. (See paragraph* 10 (a) *of Syndicate Proceedings, dated 28th January* 1896).

(b). *That the Courses of Reading in Sanskrit, Arabic, and Persian for the Oriental Titles Examinations for* 1898, *as recommended by the Combined Meeting of the Oriental and Arts Faculties held on the 24th January* 1896, *and approved by the Syndicate in paragraph* 10 (a) *of their Proceedings, dated 28th January* 1896, *be accepted*."

This was agreed to *nem. contra*. (See Appendix IV).

B. A. Persian Course, 1899.

6. The following proposal was also passed unanimously :—

"*That the recommendations of the Combined Faculties of the Oriental and Arts, as contained in paragraph* 3 *of their Proceedings, dated 24th January* 1896, *regarding the adoption of an expurgated edition of the Alif Laila as a Text-book in Persian for the B. A. Examination with effect from* 1899, *as approved by the Syndicate in paragraph* 10 (b) *of their Proceedings, dated 28th January* 1896, *be approved*." (*Vide Appendix V*).

Mr. P. C. Chatterjee's Sanskrit Composition Prize.

7. The last proposal of the Syndicate was—

"*That the offer of Mr. Justice P. C. Chatterjee,* R.B., M.A., B.L., *of an Annual Sanskrit Composition Prize be accepted with thanks, and that the Rules for its award, as proposed by the Donor, be approved. (See Syndicate's Proceedings, dated 28th January* 1896, *paragraph* 21.)"

This was adopted unanimously. (*Vide* Appendix VI).

It was also decided by acclamation that a vote of thanks to Mr. Justice P. C. Chatterjee on behalf of the Senate be recorded for his generous offer.

V.—Proceedings of the Law Faculty of the Panjab University at the Meeting held at Mr. Justice Roe's Chambers in the Chief Court, Panjab, Lahore, on Monday, the 19th November 1895, at 4 P. M.

Reverend Mr. Allnutt's letter for leave to open Law School at Delhi.

1. Read Registrar's No. 1742, dated 5th November 1895, conveying the Syndicate's request to the Faculty to give its opinion on an application from the Reverend S. S. Allnutt, Principal, St. Stephen's College, Delhi, asking for leave to open Law Classes in connection with the College.

The matter was carefully considered, and after a prolonged discussion, in which all the members took part, it was resolved by a majority of three to one to record the following opinion, Mr. Madan Gopál dissenting:—

That the Faculty is unable to recommend the proposal because—

1. The University is bound by its Statutes to maintain a Law School;
2. It would be difficult, if not impossible, for this to be done if a number of other Law Schools were recognised, and it would be impossible to make an exception limited to Delhi;
3. It would be almost impossible to maintain a supervision over the staff at different centres;
4. And if other centres were recognised and their supervision regarded as unimportant, it would be impossible to refuse to recognise mere private tuition.

Moreover, the Faculty did not see sufficient reason to apprehend serious injury to the College classes of St. Stephen's College if permission was refused, inasmuch as the majority of the students preferred the LL. B. Course under the Special Rules for Graduates on account of its superior advantages, and these rules practically precluded them from joining the Law School before taking their degree. There was thus no necessity for the students of the College to leave it before they did so.

P. C. CHATTERJEE,

Secretary, Law Faculty.

II.

Dated 8th October 1895.

From—Revd. S. S. ALLNUTT, M. A., Principal, St. Stephen's College, Delhi,

To—The Registrar, Panjab University, Lahore.

I HAVE the honor to lay before you certain proposals which have in view the opening of a Law Class in connexion with the Mission College in Delhi, and which I trust you will bring before the Syndicate or Law Faculty, as may be due procedure, at your early convenience. The desirability of such a move has long been pressed upon my attention by the people of Delhi; but it is only recently that I have been led to view the proposal with favour. The fact that every year we lose a large number of students, often the best we have, after the Intermediate generally, but often before that time; and that recently the attraction of the study of law has from various causes greatly increased (as the very large increase in the number of students at Lahore will attest) could not fail to make itself felt as a weighty inducement, apart from the obvious advantages accruing to the people of this city and district from the establishment of a Law Class within easy reach of the students' homes.

Until I was certain (1) that the loss entailed by so many students belonging to this district leaving us to go to other places, with a view to obtaining a degree or diploma in Law, so that while the number of matriculation passes each year is decidedly on the increase, our numbers are stationary, or even show a slight falling-off, (2) that we could make satisfactory provision for the tuition and supervision of such a class here, I hesitated to take any action in the matter.

Now, however, that the falling-off in our numbers is becoming pronounced, and that I see my way to making such provision, I feel that the time has come to move the University to sanction a scheme for instituting Law Classes at Delhi. Before sanctioning such a proposal the Syndicate have a right to be satisfied that we can guarantee, *first*, that there is a reasonable need for starting Law Classes at Delhi, and, *secondly*, that the tuition shall be thoroughly efficient.

(1) With regard to the first condition, I may state that from enqury I find there is a probability that in time the Law Classes would number as many as 50 students drawn for the most part from the Delhi Division and mainly from the city of Delhi itself. It will not be doubted that the largest centre of population in the province has a special claim to consideration, especially when its distance from Lahore is taken into account, and it is seen that a considerable number of students are concerned. I need hardly point out how much inconvenience is caused to those concerned by the enforced residence at Lahore, Aligarh, and other more or less distant places for the study of Law when their other educational requirements are supplied by the local College. I presume it is chiefly on this ground that the Allahabad University has allowed other centres for Law Classes, such as Agra, Aligarh, Meerut, &c., to be formed in the N.-W. P.

(2) Provided I can satisfy the authorities that proper provision is made for tuition, I can hardly doubt that this claim will receive recognition. On this point I may state that I have been able to obtain the promise of the services of Sultán Ahmad, Esquire, B. A., LL. B., *Cantab.*, Barrister-at-Law, Middle Temple, who after a distinguished career at Cambridge has returned to practice law in this city. He would serve as our salaried Lecturer. Besides his services I am able to state that Clarence Kirkpatrick, Esquire, Barrister-at-Law, the leader of the Delhi Bar, has kindly undertaken to supervise the general work of the Law Classes, and his brother Cyril Kirkpatrick, Esquire, also a well-known and experienced High Court Pleader here, has promised to give voluntary help as a lecturer. Other offers

of similar help have been made, but what I have stated is, I think, enough to show that we shall be able to make satisfactory arrangements for the conduct of the classes. We do not propose to start more than two classes at the outset in January 1896, *viz.*, the first and second year classes, being the courses in preparation for the Preliminary and First Certificate Examinations. Should the classes be successful as regards numbers, a second lecturer would be appointed for 1897, and then the Third Year Class would be added. We may in time propose to institute a class for the degree of Bachelor of Laws, but this does not form part of our present scheme.

I have the honor, therefore, to lay before you the following proposals :—

(1) That St. Stephen's College be included among the institutions whose Lectures in Law are recognised under the regulations for admission to the Law Examinations up to and including that of Licentiate in Law.

(2) That a Preliminary and First Certificate Class be recognised from January next on the understanding that satisfactory arrangements have been made (as above indicated) for the tuition and supervision of such classes.

(3) That a Licentiate in Law or Third Year Class be recognised on the understanding that a second Lecturer will then be appointed.

(4) That the monthly fee levied for each year be five rupees, the Entrance fee being twenty-five rupees.

As we are extremely anxious to start the two Junior classes in January next, I would beg that this letter may be laid before the Syndicate at as early a date as possible.

Extract paragraph 2, from the Syndicate's Proceedings, dated 17th December 1895.

Proposal of Revd. S. S. Allnutt to open Law Classes at Delhi.

2. The Syndicate next considered the opinion expressed by the Law Faculty in its Proceedings of the 19th November 1895 on an application from the Revd. S. S. Allnutt, Principal, St Stephen's College, Delhi, asking for leave to open Law Classes in connection with the Colle e. The Vice-Chancellor in opening the discussion briefly explained the reasons which had induced the Faculty at the Meeting held under his presence to negative the proposal, and also referred to a subsequent letter received from the Revd. S. S. Allnutt, which had been circulated already among the members of the Syndicate. (See Appendix I.)

In the discussion which followed, Dr. Ewing expressed himself in favour of Mr. Allnutt's proposal and drew attention to the control which the University could exercise over the Law Classes established elsewhere by making their recognition subject to the approval of the Teaching Staff.

Mr. Madan Gopál, who had been the dissentient member at the Meeting of the Law Faculty, similarly supported Mr. Allnutt's proposal and referred to the Law Classes established at numerous places in Bengal and other Provinces.

Dr. Sime expressed his agreement on most points with the opinions held by Dr. Ewing and Mr. Madan Gopál.

Mr. Justice Chatterjee was of opinion that the establishment of Law Classes at Delhi, which would be followed in all probability by similar attempts at other local centres, would involve serious disadvantages to the University in the present condition of legal studies, and referred in particular to the serious loss to which the University is exposed on account of the withdrawal of the Government grant for the Law School, as above intimated.

Lála Lál Chand stated his full agreement with the remarks made by Mr. P. C. Chatterjee.

After Dr. Orbison had stated his belief that the experiment contemplated at Delhi was not a hazardous one either as regards the character of legal tuition in the University or in its financial results, the Vice-Chancellor summed up the discussion with some remarks in which he emphasised the great public necessity of maintaining a firmer control over legal education than was possible by mere Examination Tests, and expressed his opinion that the question as to how efficient legal instruction could be maintained in different localities should be considered only when the University's Law School, as at present constituted, should in future really prove unwieldy.

Lála Madan Gopál moved an amendment, seconded by Dr. Ewing, that Mr. Allnutt's proposal be submitted to the Senate. On this amendment being put to the vote, it was negatived by a majority of four including the Vice-Chancellor's casting vote. The Syndics voting against the amendment were: *The Vice-Chancellor*, Mr. Chatterjee, Lála Lál Chand, Dr. Stein; those voting for it: Dr. Sime, Revd. Dr. Ewing, Revd. Dr. Orbison and Lála Madan Gopál.

The Faculty's recommendation was subsequently adopted by the same majority.

APPENDIX I.

No. 54, dated Delhi, 7th December 1895.

From—Revd. S. S. ALLNUTT, M. A., Principal, St. Stephen's College, Delhi,

To—The Registrar, Panjab University, Lahore.

IN the hope that the Proceedings of the Law Faculty held on 19th November have not yet come before the Syndicate, I have the honor to submit for their consideration certain remarks upon the reasons assigned by the Law Faculty for disallowing my application for leave to open a Law Class in Delhi.

I will take the grounds of refusal *seriatim.*

1. There can be no doubt of course that the University is bound by its Statutes to maintain a Law School, and that any proposal which would tend to jeopardize its existence or interfere seriously with its prestige, could not possibly meet with approval on the part of the Syndicate. But I do not see that the reason assigned under (2) can be held to make good this contention. The existence of Law Classes at various centres has not, in other Provinces, been found injurious to the prestige, much less fatal to the existence of the Law Class maintained in the capital of the Province. I am aware of course that the Panjab University is the only one which has a Law School as an integral part of its own constitution, but the analogy holds good so far that notwithstanding the numerous centres in Bengal and the North-Western Provinces where Law Classes are allowed, the Law Class at the capital city does not materially suffer therefrom. Even apart from the advantages which a Law Class in the latter case may be presumed to offer, arising from the greater facilities for obtaining really able Law Lecturers, it might fairly be taken for granted that the attractions which the seat of Government offers will always guarantee an ample constituency for the up-keep of a Law School, even though several other centres for such classes should be established. I fully admit that Delhi can claim no monopoly of privilege in this matter, though I maintain that the distance of the city from Lahore combined with its historic fame and growing commercial importance does constitute a plea of no small weight. I think the case may be fairly represented thus. It is quite certain, I suppose, that *at present* no other Mofassil College in the Panjab could put forward so strong a claim for a Law Class as we in Delhi can. There is, I believe, only one other such College that teaches up to the B. A. and none other that teaches up to the M. A. Our numbers, I believe, are larger than those of any College out of Lahore. And the distance from Delhi to Lahore (346 miles) is just about double that of the farthest off of the other Colleges. *For the present,* therefore, I feel certain no other College could make good its claim on the grounds now put forward. But even supposing that in years to come other Colleges should increase in numbers and be in a position to teach up to the M. A. (distances remaining a constant quantity) what I would urge is that in the meantime the spread of education will have been equal *all along the line,* and that Lahore will continue to draw the lion's share to itself. The opening of other Colleges in the Province has not appreciably, if at all, reduced the numbers of students in any of the Lahore Colleges. Should such a time come, therefore, when other Colleges will be able to make good their claim, the University will safely be able, so far as the question of the prestige and prosperity of its own Law School is concerned, to grant the same privilege to them which we here are now suing for.

Before taking up the next point, that of effective supervision, I would urge that on moral and sanitary grounds the massing of students in such a city as Lahore is not itself a thing to be desired. Boarding House accommodation can hardly be provided to keep pace with the increasing demand, and the recent revelations of the state of things at Calcutta, in regard to students' morals, is in itself enough to give weight to any proposal which would tend to lessen this evil, which does to some extent at least already exist at Lahore. My own students often speak strongly of the untoward surrounding in which they are forced to live and work when they go there. So far as boarding arrangements are concerned, we can guarantee ample accommodation and thorough supervision for all those who come to us from the district. I venture to think this is a point of no small importance.

2. With regard to the question of supervision I fully recognise the importance of it, and if the Syndicate is of opinion that in the case of Law Classes, it must retain the exercise of it entirely in its own hands, then *cadit quæstio.* But surely in such matters the principle *qui facit per alium, facit per se* claims recognition. The two points on which supervision has to be exercised are, I believe (*a*) the competency and character of the Lecturers employed; (*b*) the enforcement of the 75 per cent. rule of attendance. As to the former point I believe the arrangements indicated in my letter are such as will commend themselves to the Syndicate, nor is any doubt as to their adequacy implied in the Law Faculty Proceedings. As to the latter, it reduces itself, so far as I can see, to a matter of confidence. Wherever the 75 per cent. rule obtains in regard to Arts Examinations (as it does I believe in the case of all the Universities in India, except our own) its operation is obviously impossible except on a basis of confidence that *boná fide* registers are kept and only those who have kept the required number of attendances are sent up for Examination. If, as so many of us desire, such a system were introduced into the Panjab, on what other basis I would ask could the plan be worked? and would any one be likely to raise *this* as a valid objection to its introduction that there would be no proper guarantee for the *boná fides* of the attendance records, as not being subject to the direct supervision of the University? Any such supervision would certainly be deemed either utopian or inquisitorial. And, if so, why I ask should the attendance at Law Lectures be treated as quite *sui generis*? If the Lecturer is really up to his work, I should suppose that students would be more rather than less eager to attend his lectures than those of our Arts Colleges. In any case, however, I admit that the greatest vigilance is requisite to guard against personation or dishonesty, and I should gladly comply with any reasonable conditions that the Syndicate may think it wise to lay down. The main thing I presume is that the Lecturer always take the attendance in person and keep the register in his own hands. I should be surprised to learn that the authorities of the Law School are able to insist on any more stringent condition than this. I assume, and have every right to assume, that the Lecturer in our case will be a man as to whose probity the University, as well as I myself, is satisfied. I only ask that the Lecturer appointed here, when approved by the Syndicate, should be treated with the same confidence as their own Lecturers.

3. The argument that laxity of supervision arising from the multiplication of centres in the future would logically lead to the sanction of "mere private tuition," *i e.*, of private candidates being admitted to the Law Examinations, stands or falls with the rejection or acceptance of what I have said above. If proper safeguards can be, as I maintain, insisted on by the University as a *sine quá non* of allowing such classes, without necessitating direct supervision by the University, then the private student in Law will no more become a logical corollary of such a course, than he would in our Arts Examinations, if the rule of compulsory attendance at lectures in those courses were introduced, when such direct supervision would be out of the question. In other words, once insist on and make universal the ¾ths attendance rule, and the private student disappears from the scene, with or without University supervision.

With regard to the last reason assigned by the Law Faculty for refusing permission, I have only to remark (1) that as a matter of fact students are constantly leaving our College to study Law at Lahore while many more who would naturally study here never enter at all: (2) that if I understand aright a very large number of men go in for the Preliminary Law Examination during their B.A. course in order to lighten their legal course afterwards, and these are precisely the men we are most anxious to retain here: and (3) that as we have, as a matter of fact, only applied for leave to open the first two classes of the course in the first instance, and these classes have in view the Diploma Examination (which, I presume, is still resorted to by a large number of men) rather than the LL. B., the argument seems to me somewhat wide of the mark.

Should the decision of the Syndicate be in our favour I venture to hope that my proposal may be further submitted to the Senate early in January, in order that if sanction be obtained we may be able to open our classes next year, for which we hold ourselves in perfect readiness as soon as leave is obtained.

APPENDIX V.

DRAFT OF REGULATIONS FOR MR. JUSTICE PROTUL CHANDKA CHATTERJEE'S SANSKRIT COMPOSITION PRIZE.

THE Prize will be awarded in accordance with the following Regulations :—

1. The Protul Chandra Chatterjee Sanskrit Prize of the value of Rs. 50 shall be awarded annually for the best Sanskrit Poem by a Panjab University Student, in accordance with the subjoined conditions.

2. Competitors shall be graduates in Oriental Learning or Arts of the Panjab University, or persons who have passed the High Proficiency or Honors Examinations in Sanskrit Language and Literature of the Panjab University ; they shall be residents of the Panjab and its Dependencies, or of the Jummoo and Kashmir State, and shall not be of more than five years' standing from the date of graduation on the day prescribed for the sending in of the Poems.

By the term " date of graduation " is to be understood the date of the candidate's first receiving any Degree or the Certificate of having passed the High Proficiency or Honors Examination in Sanskrit Language and Literature.

3. Competitive Poems shall be composed in the Sanskrit Language on the subject appointed for the current year, and shall be sent in to the University Registrar on or before the second Monday in October. Each Poem shall be designated by a motto instead of the writer's name, and shall be accompanied by a sealed cover containing the name of the competitor, and a declaration that the Poem sent in by him is *bonâ fide* his own composition.

4. The Poem shall be on some subject connected with Indian life, thought or history, and falling within the range of classical Sanskrit poetry.

5. The subject of competition is to be selected by a Sub-Committee appointed by the Syndicate from among the Members of the Oriental Faculty, and is to be notified not less than 12 months before the day for sending in the Poems.

6. The Judges shall be two in number, and shall be nominated annually by the Syndicate. Their decision shall be announced on the second Monday in November.

7. The Prize shall be presented to the successful candidate at the Convocation for conferring Degrees next ensuing after the Judges' decision.

8 The Prize shall not be awarded for any Poem, which, in the opinion of the Judges, would not, when printed, be creditable to the University. But if only one Poem be sent in, nothing shall hinder the Judges from awarding the prize, if the Poem appears to them to come up to the proper standard.

9. Any surplus which may arise from the Prize not being awarded during any year shall be utilized for increasing the value of the Prize in the succeeding year or years, or shall otherwise be applied in such manner as the Syndicate in consultation with the donor shall think best fitted for furthering the object and purposes of the donation.

The 22nd April 1896.

Addenda and Corrigenda to Punjab Revenue Circulars.

No. 581.

Circular No. 56, page 670; *add* the following section :—

F. Government Lands not under the Management of the Forest Department.

61. The following instructions for the management of Government waste lands other than those under the Forest Department have been approved by Government in connection with the rules to regulate the use of the pasturage and other natural products of certain lands, the property of Government, which have been published in Punjab Government Notification No. 58 of the 1st February 1896 :—

1. The Collector should some time before the beginning of each agricultural year submit, for the approval of the Commissioner, a brief report showing generally the arrangements he proposes to make for the ensuing year as regards—

(*a*) grazing,

(*b*) cutting and sale of timber, fuel, grass and other natural products.

It is not intended that details of management should require the Commissioner's sanction, but it is essential that he should be in a position to exercise a general control over the treatment of Government waste lands in his Division.

2. No claim on the part of the residents in any estate to a *right* of grazing in Government lands adjacent to such estate or of obtaining leases or licenses connected therewith under the above mentioned rules should be admitted. But in granting leases or licenses the reasonable requirements of the population adjacent to the Government lands concerned should be carefully considered, and it is often expedient to select leading members of the rural community as farmers of grazing dues.

3. Wholesale sales of wood from rakhs and forests under the control of Collectors is prohibited, except on special grounds, and with the previous sanction of the Financial Commissioner. Contractors and others applying to Collectors for a wholesale supply should first be referred by them to the Forest Officer. All applications for supply of wood for Railway fuel and for large public works should be considered wholesale, and in other cases all applications for a quantity exceeding 3,000 maunds (Punjab Government No. 162 F., dated the 12th April 1880). The intention of these orders is that District Officers should co-operate with the Forest Department in an intelligent and economical administration of the rakhs and forest lands under their charge and in the prevention of indiscriminate cutting likely to injure the permanent supply of wood and the reproductive capacity of the rakhs.

4. But licenses to cut wood should be granted under the rules issued under Section 48 of Act IV of 1872 to the extent necessary to meet the reasonable requirements of the people residing in the neighbourhood of Government lands in the matter of timber and fuel when they are unable to meet these requirements from the produce of their own lands.

5. The Collector should insert in leases and licenses such conditions as he considers necessary for the prevention of waste and the promotion of good management.

6. If a lease or license is put up to auction the Collector should notify that he will not be bound to accept the highest or any bid.

7. No lease of the description mentioned in clause 5 of the Rules above referred to shall be given for more than one year without the sanction of the Financial Commissioner.

CIRCULAR MEMO. No. 2

FINANCIAL COMMISSIONER'S OFFICE,

Dated Lahore, the 8th June 1896.

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

The Hon'ble Mr. C. M. RIVAZ, C. S. I.

Circular No. 7/3360, dated the 1st June 1893.

Circular No. 3/2341, dated the 15th April 1896.

THE annexed Circulars of Government, Punjab, in the Public Works Department, regarding the verification of the boundaries of Government lands, are circulated for information and guidance.

By order, &c.,

M. W. FENTON,

Senior Secretary to Financial Commissioner, Punjab.

Circular No. 3—2341, dated Lahore, 15th April 1896.

From—Colonel G. F. L. MARSHALL, C. I. E., R. E., Secy. to Govt., Punjab, Public Works Dept.,

To—The Financial Commissioner, Punjab.
All Superintending and Executive Engineers.
The Examiner, Public Works Accounts, Punjab.

THIS Circular is in continuation of Government, Punjab, Public Works Department, Circular No. 7—3360, dated 1st June 1893.

Some difficulty has apparently been experienced in working on the lines of paragraph 3 (*i*). Complaints have come in that Public Works Department Officers cannot get the necessary assistance from local Patwárís and Settlement records. A great number of Government properties still remain with their boundaries unverified.

2. It is of great importance that correct plans of all such properties should be made without delay and maintained in proper condition.

3. Executive Engineers are, therefore, directed to submit to Deputy Commissioners of districts concerned lists of all Government properties for which they have been unable to get out proper land-plans owing to doubts as to the correct run of the boundaries.

4. Regarding these Deputy Commissioners should be requested to supply them (Executive Engineers) with copies of all entries in the Patwárís' papers and with tracings of those portions of the field maps on which they are shown.

5. The Patwárís may be paid the usual fees for their work, the expenditure being dealt with as directed for demarcation work in paragraph 3 (*ii*) of the Circular.

6. This Circular has been framed in communication with Financial Commissioner.

Circular No. 7—3360, dated Lahore, 1st June 1893.

From—Colonel G. F. L. MARSHALL, C. I. E., R. E., Secy. to Govt., Punjab, Public Works Department,

To—The Superintending Engineers, 1st, 2nd and 3rd Circles.
All Executive Engineers.
Examiner, Public Works Accounts, Punjab.

The verification of the boundaries of Government lands.

1. As many cases have arisen in which much trouble and loss has been sustained from Government lands being encroached upon, Executive Engineers are reminded that they are primarily responsible that the boundaries of all lands belonging to Government are properly demarcated; that accurate land-plans are maintained; and that the boundaries and the land-plans are periodically checked to test their accuracy.

2. Lands as noted below come within the category mentioned:—

(*a*) Lands appertaining to works made over to Local Bodies.

(*b*) Lands for which an Executive Engineer is directly responsible.

(*c*) Lands belonging to buildings borne on his books

3. With a view to systematize procedure the following general rules will be observed:—

(i). Executive Engineers will take early steps to see that they have complete land-plans for all land for which they are responsible. In all cases in which land-plans are wanting steps must be taken to have them prepared. This must be done in consultation with the Deputy Commissioner of the district concerned; the plans being prepared from the Settlement and Patwáris' reports, any records in possession of Executive Engineers being also consulted.

(ii). All lands requiring to be demarcated should have the boundaries set out as soon as practicable from the records. The demarcation can be effected by a good lockspit cut in the ground, *kutcha* pillars being put up at suitable places. The cost of doing this can be met by a requisition or charged to maintenance, but the work on no account should be deferred because funds may not be available for permanent demarcation.

In case of encroachment already made, or not, at the time of verification, detected, or of the boundary being disputed, action should be taken as laid down in Circular No. 1, Lahore, July 29th, 1886.

(iii). Year by year Executive Engineers should submit estimates for the erection of boundary pillars for any lands requiring their demarcating. The amount of the estimate should not exceed the sum likely to be available for the purpose,—a point Superintending Engineers can settle.

(iv). Sub-Divisional Officers and Government officials generally should understand that it is a grave departmental offence to in any way prejudice the right Government has in its lands, or buildings, by allowing encroachments, or by allowing or giving permission to any one whomsoever to occupy land or buildings in any sense of the word so that such rights may be in any way endangered.

(v). Executive Engineers are to see that the boundaries of all lands for which they are responsible are verified with the land-plans once every two years, a report being sent in the accompanying form to the Superintending Engineer by December 31st of each alternative year until the plans and demarcations are complete, after which it will only be necessary to report that the verification has been carried out periodically as ordered. One-half the lands can be verified one year and half the other. The Superintending Engineer will merely report that the orders have been complied with, any case of encroachment he may have to deal with being treated separately.

(vi). Superintending Engineers when inspecting Divisional Offices will examine the land-plans and see they are kept bound in books, registered, and placed under lock and key.

Statement to accompany Annual Report on lands in charge of the Public Works Department.
